

10021 - Is it permissible to play tapes of nasheeds with the daff and men's voices in wedding parties?

the question

There are tapes of wedding nasheeds with men's voices and the daff. Is it permissible to play these in women's wedding parties?

Detailed answer

We put this question to Shaykh Muhammad ibn Saalih al-'Uthaymeen, may Allaah preserve him, who replied:

That is not permitted.

Sharee'ah allows women to play the daff in wedding parties, but not men. They (women) may play the daff and sing songs with good and permissible words.

And Allah knows best.
