

2170 - One who wipes his socks although he was not in a state of tahaarah (purity) when he put them on

the question

For a while I was wiping my socks although I had not been in a state of tahaarah when I put them on, because I did not know about the ruling on this matter. What is the ruling concerning the prayers I offered during that time?

Detailed answer

You must repeat and make up those prayers which you did when you were wiping your socks although you had not been in a state of tahaarah when you put them on.
