

## 45 - One goes out for salaat il-istisqa' and it rains

## the question

What should one do if people go out to congregate for salaat il-istisga' (prayer asking for rain) and it rains?

## **Detailed answer**

If the people went out for the prayer for rain (istisqa') or intended to do so and it rained, then there can be two cases:

- If they were prepared to go out and it rained before they left, then they should thank Allah (subhanahu wa ta'ala) for His blessings and not leave.
- 2. If they had already come out, they should pray in thankfulness to Allah (subhanahu wa ta'ala).(Al-Mughni, 2/296)
